Your volunteer hours' statistics are an important piece of the information about your society. They are an easy reference that illustrates how valuable your society is to the community. Volunteer hours can also be used as an analysis tool that will show you and your society where you are spending your volunteer time. The volunteer hours' information that you report is important to you, to your District and to OHA.

Your volunteer hours are added to those from all the societies across Ontario, and the resulting total is used by your OHA Board to negotiate with fundraising or governmental agencies. The cumulative number of volunteer hours certainly displays to others the value of Horticultural Societies in Ontario. For instance, horticultural society members volunteered over 487,956 hours in 2013!
