

Beautifying London's Covent Garden Market

COVENT GARDEN MARKET

Join us for the annual planting and sprucing up of the 16 raised planter beds at Covent Garden Market.

Every spring since 2012 we've arrived as an eager group, trowels in hand, to plant annuals such as gorgeous red Dragon Wing Begonias, potato vines, Vince's Canna lilies ...and other varieties. We fill the planters so they look terrific all season. Market customers have had lots of positive things to say about the beautification of this public space in the downtown core!

We do it all in one morning ...often only 1 ½ to 2 hours, usually on a weekend morning in May.

Volunteers sign up to join the group, then arrive on the appointed morning, dressed for the weather, with trowels in hand.
