- 96 Arctic Carpet: Pave design
- 97 Arctic By Moonlight: A predominately white design incorporating lights
- 98 Northern Harvest: A creative design using flowers and berries

PARALLEL DESIGN: A design in which three or more groupings are placed in a parallel manner with open spaces between the groupings. Parallel direction may be vertical, horizontal or diagonal. Design is in one container or containers combined so as to appear as one unit.

PAVE DESIGN: A pave design is a technique of placing groups of plant materials that have been cut very short and placed close together to form undulating mounds of colours, textures, shapes and sizes. Any plant materials can be used, e.g. flowers, foliage, cut stems, seeds, fruits, vegetables or moss.

CREATIVE DESIGN: An original idea or concept in the selection and use of design components.

EXHIBITING INSTRUCTIONS:

POTTED PLANTS: Plants should be displayed in the pots they are grown in and have been grown by the exhibitor for a minimum of 3 months. They should be well established, mature and be well balanced in shape.

TROUGH/LANDSCAPE GARDEN OR SHADOW BOX: A miniature landscape designed to reproduce a natural ecosystem. The container frames and gives the garden its characteristic landscape shape.
