Talk Title:	1. CREATING INTEREST IN THE WINTER GARDEN
Brief Description:	Presentation plus show and tell. How to use shrubs, trees, colour, movement, texture, hard and soft-scaping, and more to enhance your garden in winter.
Talk Title:	2. FROM WASTELAND TO WONDERLAND
Brief Description:	Presentation plus show and tell. How gardens and a wildlife wonderland were created from nothing
Talk Title:	3. GARDENING FOR BUTTERFLIES
Brief Description:	Presentation plus show and tell. How to bring the beauty of butterflies and other important pollinators to your garden.
Talk Title:	4. HOW TO CREATE A MONARCH WAYSTATION
Brief Description:	Presentation plus show and tell. The what, why, when and how for creating the perfect waystation for the majestic monarch butterfly during all stages of life.

Brief Biography	Kathryn is a self-confessed nature nerd who enjoys finding new ways to bring wildlife, colour and interest to her gardens. She is a past board member for a number of nature and horticulture groups including: Oakville Horticultural Society; Port Burwell-Bayham Horticultural Society; Otter Valley Naturalists Club; Long Point Basin Land Trust and Nature's Calling Environmental Education. Kathryn encourages others to share her passion through her presentations and workshops.
