Please provide us the following for publicity and marketing

Talk Title: TBD

Brief

Description:

Brief Biography

Stefan Fediuk is a Landscape Architect, OALA, CSLA and currently employed with the City of Windsor. He is also the Chief Horticultural Director of Northscaping Inc., which provides the NetPS plant database to garden centres and nurseries across North America. He has written numerous articles for the Northern Gardener Magazine, The Prairie Garden Annual, and while in Winnipeg was employed as Landscape Architect and Outdoor Garden Supervisor to the Display Gardens at the Assiniboine Park Conservancy. Stefan's presentations include a variety of landscape architectural, environmental and horticultural topics, as well as sharing his experiences to various botanical gardens around the world where he has travelled.

Please attach photos or other material that may be used in our Newsletter, Website, Facebook and related online sites.

Please check here, if we have your permission to use your images for publicity ☒
